3 - ROTARY'S WHEEL EMBLEM

A wheel has been the symbol of Rotary since our earliest days. The first design was made by Chicago Rotarian Montague Bear, an engraver who drew a simple wagon wheel, with a few lines to show dust and motion. The wheel was said to illustrate "Civilization and Movement." Most of the early clubs had some form of wagon wheel on their publications and letterheads. Finally, in 1922, it was decided that all Rotary clubs should adopt a single design as the exclusive emblem of Rotarians. Thus, in 1923, the present gear wheel, with 24 cogs and six spokes was adopted by the "Rotary International Association." A group of engineers advised that the geared wheel was mechanically unsound and would not work without a "keyway" in the center of the gear to attach it to a power shaft. So, in 1923 the keyway was added and the design which we now know was formally adopted as the official Rotary International emblem.

4 - OBJECT OF ROTARY

In some areas of the world weekly Rotary club meetings begin with all members standing and reciting the Object of Rotary This statement, which comes from the Constitution of Rotary, is frequently seen on a wall plaque in Rotarians' offices or place of business.

The Object of Rotary is "to encourage and foster the ideal of service as a basis of worthy enterprise." The statement then lists four areas by which this "ideal of service" is fostered: "through the development of acquaintance as the opportunity for service; the promotion of high ethical standards in business and professions; through service in one's personal, business and community life; and the advancement of international understanding, goodwill and peace."

The Object of Rotary has not always been expressed in this manner. The original Constitution of 1906 had three objects: promotion of business interests, promotion of good fellowship and the advancement of the best interests of the community By 1910 Rotary had five Objects as increased emphasis was given to expanding Rotary. By 1915 there were six Objects. In 1918 the Objects were rewritten again and reduced to four. Four years later they had again grown to six and were revised again in 1927.

Finally, at the 1935 Mexico City Convention the six Objects were restated and reduced to four. The last major change came in 1951, when the "Objects" were streamlined and changed to a single "Object" which is manifested in four separate ways. The "ideal of service" is the key phrase in the Object of Rotary. This ideal is an attitude of being a thoughtful and helpful person in all of one's endeavors. That's what the Object truly means.
