DARWIN AWARDS! The “Darwin Awards” are handed out annually...or when we find a “funny” in the news...commemorating individuals who IMPROVE our Gene Pool, by removing themselves from it!

~A young man presented himself in the emergency room covered with burns on ALL exposed skin. Even his hair was singed close to his scalp. Though he did not die, he still should get an “Honorable Mention” for his stupidity!
He proceeded to shoot a propane tank with a .22 Caliber Rifle. Having survived Stage One of his “moron tour”, he gave the propane 10 minutes to leak out, and then held a burning lighter and walked slowly toward the hissing tank. **How close do you have to be to the propane tank before it blows up? ANSWER: 15 feet.**

~A farm keeper from Sao Paola Brazil, decided to remove a beehive from his orange tree. He didn’t know exactly how to proceed, but he knew the hive should be burned and he knew bees sting. So he protected his head with a plastic bag sealed tightly around his neck, grabbed a torch, and went off to fight the bees.
His worried wife went to look for him a few hours later and found him dead. However, it wasn’t the bees that killed him. The plastic bag had protected him from smoke, stingers...and oxygen. He had forgotten to put breathing holes in the bag.

~A 66-year old man from the Netherlands wanted to protect his garden shed against burglars. The best way to do this, he decided, was to construct a booby trap. HE cobbled together some ropes and a shotgun aimed at the door. Proud of his ingenuity, he demonstrated the effectiveness of the device to 2 friends...by shooting himself in the abdomen and lower arm! AN emergency operation helped him avoid a TOTAL “Darwin Award” (meaning he survived!). Police searched his home and confiscated firearms and ammo, along with **15 full grown marijuana plants**...could it be the use of those plants that helped him formulate this grand lesson in safety??

MORE OF ROTARY’S 6 FOCUS AREAS...

Clean water and sanitation is a human right. When people, especially children, have access to clean water, sanitation, and hygiene, they lead healthier and more successful lives.

We don’t just build wells and walk away. Rotary members integrate water, sanitation, and hygiene into education projects. When children learn about disease transmission and practice good hygiene, they miss less school. And they can take those lessons home to their families, expanding our impact.

HOW ROTARY MAKES HELP HAPPEN

Rotary has issued a global challenge to its members, asking them to work collectively to improve education quality and access — particularly for girls — by working with communities to improve teacher training, curriculum, and water, sanitation, and hygiene facilities.

FACTS ABOUT ROTARY’S WORK FOR CLEAN WATER:

- \$24 is all it takes to provide clean water for a family
- 23 MILLION PEOPLE now have clean water because of Rotary International!
- 2030 is the Goal Year that Rotary will provide clean water to our Planet!

These are projects that the Rotary Club of Portales is currently involved in:

- Chuck Wagon
- Honor Students of the Month
- Portales Christmas Light Project
- Support TEFAP Food Distribution
- Rotary Park
- Support Christian Children’s Home
- Support Baptist Children’s Home
- “Power Card”
- Send local students to Camp RYLA
- Rotary Youth Exchange
- Adopt-A-Mile on Clovis Highway - 2 times yearly
- Deliver Meals on Wheels - 3 months per year
- Scholarship Fund at ENMU
- Donate children’s books to Portales Public Library
- Help with ENMU Homecoming Parade
- Every Rotarian Every Year (\$100/member/year)
- Simplified Grants - \$1.00 for \$1.00 match by District 5520
- Rotary Foundation Matching Grants - \$5,000 to \$150,000
